Dear Ms. McClellan,
I am writing on behalf
of my grandson Shawn C. Krungold.
Shawn has had a very bad start
in his life. I have had custody of
Shawn since the age of 3 years old.
His father is serving a life sentence for
murder in Mass. and his mother,
my daughter, now has A. I. D. S.
Since Shawn has joined
New Moses, it has changed his
behavior, attitude and now he displays
New Hope for his future.

He diligently looks forward to
his grandfather Quentin to bring him
there on Sunday. His conversation
is so much positive and his self-
esteem has risen tremendously.

Shawn is an excellent student in school, and now focuses on his new future.

New Moves has provided him tools that will last him a life time. Our family is very grateful for giving Shawn the opportunity to learn discipline and find a way to positively display an outlet for his energy, anger, and frustrations. Words aren't enough to thank you for New Moves, which has brought out the best in our grandson Shawn.

You are a positive, strong, yet loving role model for these children.

If Shawn is deserving please consider to use Shawn in any activity or workshop you might have in the future.

God Bless you Denise and
Again Thanks!

Warmest Regards

Quenton & Madeline Powell
